Week 5: Data Analysis and Community Building

1. Introduction

This report analyzes the performance of the “Social Connect” campaign and provides strategies to improve engagement and build a loyal audience. Mock data is used to evaluate audience behavior, platform performance, and content effectiveness.

📊 2. Analytics Report

2.1 Audience Demographics

- Age Group:
  - 18–24 → 40%
  - 25–34 → 35%
  - 35+ → 25%
- Gender:
  - Male → 60%
  - Female → 40%
- Location:
  - Pakistan → 75%
  - International → 25%

Insight:

Most users are young, so content should be modern, trendy, and visually engaging.

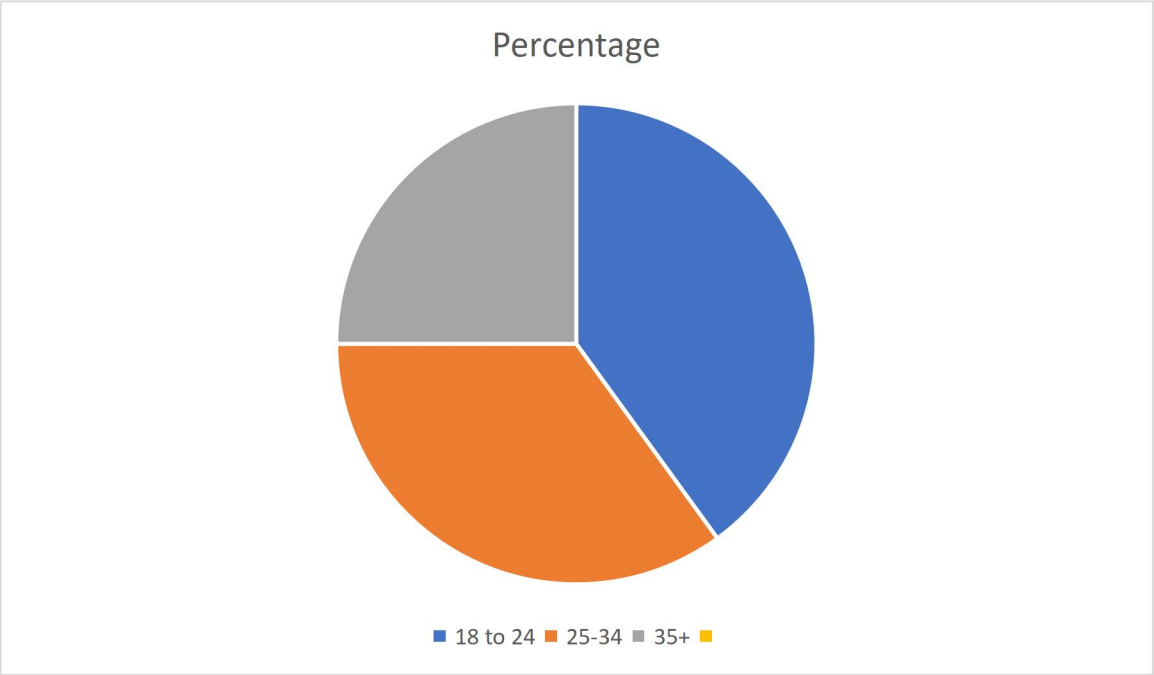
2.2 Audience Behavior

- Active Time: 7 PM – 10 PM
- Device Usage: 80% Mobile Users
- Engagement Type:
  - Likes → High

- Comments → Medium
- Shares → Low

Insight:

Users prefer mobile-friendly and short visual content like reels and posts.

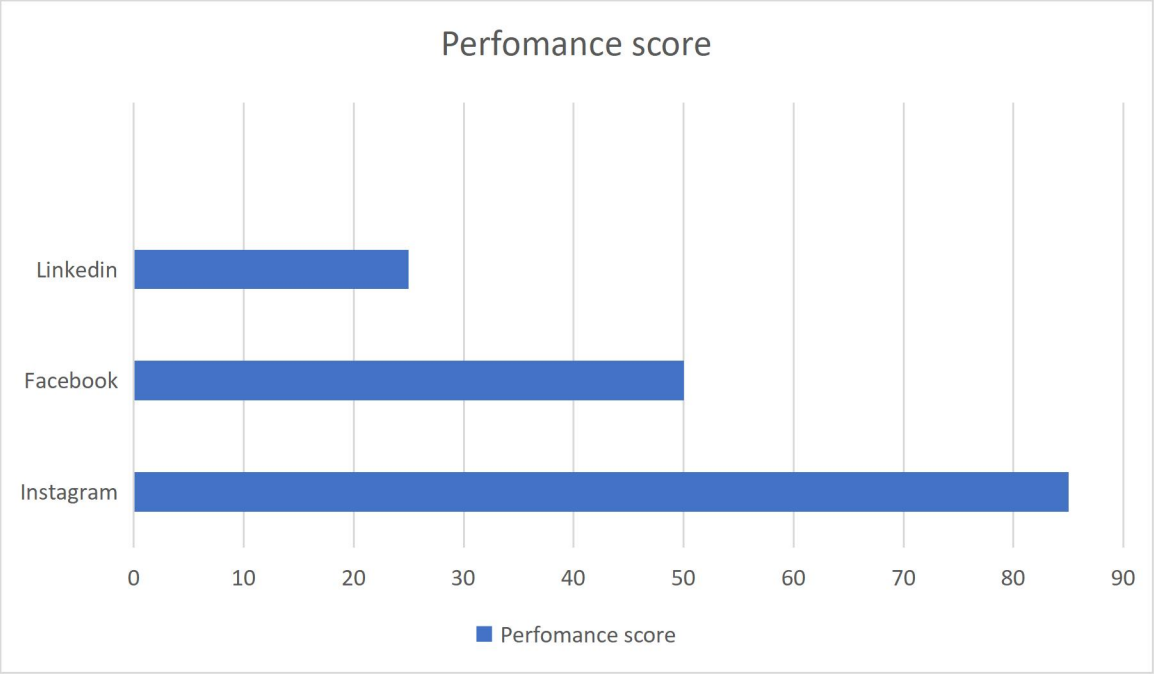


2.3 Platform-wise Performance

Platform	Reach	Engagement
Instagram	High	High
Facebook	Medium	Medium
LinkedIn	Low	Professional

Insight:

Instagram is the most effective platform for audience growth and engagement.



2.4 Best Performing Content

- Reels → Highest views
- Educational posts → Most saves
- Testimonials → High trust

Insight:

Video content and informative posts perform best and should be prioritized.

☑ 3. Key Insights

- Young audience prefers engaging and trendy content
- Users are most active in the evening
- Instagram gives the best results
- Video content performs better than text posts
- Mobile optimization is important

🤝 4. Community Engagement Plan

Mock Live Session

- Platform: Instagram Live
- Topic: “How Social Connect Helps You Grow Online”

Activities:

- Q&A session with audience
- Answer user questions
- Ask users to share their experiences

Example Engagement Line:

“Share your experience with Social Connect in the comments!”
